

Computing

We will be learning to code this half term, by developing our understanding of Scratch and using our drawing skills to design characters and backgrounds.

French

We will be understanding culture in French, focusing on different foods in French as well as learning about families.

Maths

We will be focusing on number sense and additive reasoning this half term.

PSHE/RSE

Our big question for PSHE this half term is 'Are relationships all the same?', focusing on different types of relationships and their dynamics.

PETennis and Cricket

We will focus on Tennis and Cricket this half term. We will be practicing forehand, backhand, juggling and movement in Tennis, and practicing batting, fielding, wicket keeping and bowling in cricket.

Cornwall My Home

How do physical characteristics vary between Cornwall and Australia?

EnglishRecount - Diary

We will be writing diaries this half term, learning the text-specific language features and writing our own diaries as a Cornish tin miner.

Recount - Biography

We will be writing biographies this half term, learning the text-specific language features and writing our own biographies.

RE

We will be learning about Christianity this half term, striving to answer the question, 'When Jesus left what was the impact of Pentecost?'

Music

We will be learning to perform Music this half term, focusing on Cornwall My Home and South Australia.

Science

We will be learning to investigate living things in Science this term. We will be completing class projects on the effects of environmental change.

Inquiry

Our inquiry will be focused on Cornwall by discussing what we know and what we want to find out, identifying different types of physical geography, and comparing physical geography features in Cornwall to those in southern Australia.
